DEATH LIST IN NEW ALBANY TORNADO IS INCREASED TO 34

Property Damage is Estimated Today at \$1,500,000, With 300 Homes Destroyed

RELIEF WORK IS STARTED

National Guardsmen Patrol Storm District and Homeless are Housed in Hospitals

BIG DISTRICT DEVASTATED

Report From Indianapolis Says That Thirty-Eight Bodies Have Been Recovered

38 REPORTED DEAD

(By United Press.) Indianapolis, Ind., March 24.—An appeal for 204 national guard troops to patrol the tornado swept district at New Albany was received by Adjutant General Smith today. General Smith immediately ordered the Princeton company and also arranged to send a special company from Indianapolis.

Major Carter, commanding the First Field Hospital company at New Albany, reported to General Smith today that sanitary conditions in the stricken city were good. Carter reported 38 dead taken from the ruins.

New Albany, Ind., March 24.—Thirty-four bodies have been recovered today from the ruins of the tornado which struck this city late yesterday afternoon and three hundred homes were destroyed and \$1,500,000 damage done.

The devastated district, a half mile wide and 2 miles long, was under martial law. The Seymour company of the national guard and the Indianapolis hospital corps were patrolling the district. The Carroll City company was also ordered here. Fire broke out during the night in the district sweep by the storm. Three houses were destroyed before extinguished. Homeless mothers and children were housed in the public buildings and hospitals.

Relief work was started today. Funds were being raised in many cities of the state. Squads of men were cleaning up the ruins and many were making plans for rebuilding.

Red Cross workers from Indianapolis and Cincinnati took up the relief work today.

The relief fund was started by residents of New Albany with contributions of \$3,000.

Mayor Morris ordered all saloons closed today. No one is allowed in the storm district unless provided with a pass and then only during the day as no one will be admitted at night.

More than one hundred persons have been treated at the City hospital, many others being taken care of in homes and others taken to Louisville, making it impossible to secure an accurate list of the number of injured.

West Union, a subdivision in the northeastern section of the city, was the hardest hit. Here the wind swept a path two blocks wide and more than a mile long, leveling homes and factories.

Requests for aid were sent immediately to Louisville and the State Reformatory at Jeffersonville and Governor Goodrich was asked to send National Guards at once.

Every available physician has been enlisted in the relief work and the one hospital has been filled to its capacity.

The tornado caught the city wholly unawares. It had been raining slightly early in the afternoon. All

The Royal Neighbors will meet in regular session Monday night, every members is urged to attend; also the March assessment and quarterly dues are payable at this time.

MANY HERE SEE TWISTER

Swirling Motion in Clouds Above Rushville Noted Yesterday

Many people here reported seeing a twister pass over Rushville yesterday afternoon about the time the tornado hit New Albany. Several persons were found today who recall seeing a swirling motion in the clouds high above their heads and the thought came to many then that there was probably another cyclone some place near. The twister came from the southwest—more south than west—and moved towards the northeast. It was accompanied by a roaring noise like the sound of a train.

NEW ALBANY FUND STARTED WITH \$25

Walter E. Smith Opens Movement For New Albany Sufferers With \$10 This Morning

DONATIONS TO BE RECEIVED

Walter E. Smith was the first to call the Daily Republican this morning and say that he wanted to contribute ten dollars for the relief of persons who suffered in the tornado at New Albany yesterday afternoon. Soon afterwards Mrs. Frances A. Cullen donated a like amount for the same purpose. T. H. Reed and son this afternoon gave five dollars. In view of the extended effort Rush county made to help her neighbor, Newcastle, in her hour of distress, it is not likely that Rush county people will feel like making large contributions to New Albany, but the Daily Republican will gladly receive the volunteer contributions of any persons who wish to help the sufferers at New Albany and forward them to the proper authorities.

FORMER RUSHVILLE PEOPLE ARE ALL SAFE

Word Received by Pennsylvania That One Time Residents Here Escaped New Albany Tornado

BARTON CALDWELL WIRES

Several former Rushville persons are residents of New Albany, but so far as could be learned today none of them was hurt or suffered any property loss in the tornado there yesterday afternoon. Barton Caldwell telegraphed relatives last night that he and his family were safe and that their home was not damaged. Clifford Haehl, who was at one time employed at the Pennsylvania depot here, lived in the same house with Mr. Caldwell and it is presumed that he escaped.

Word was received at the Pennsylvania depot that all of the railroad men in New Albany escaped. This included Scott Wilkinson, until a few weeks ago a resident of this city, when he was employed at the Pennsylvania. John Butler, also at the Pennsylvania here, was not hurt. It was also reported that V. O. Elkins, one time western Union operator in Rushville, was not in the district. They all lived in the south part of New Albany and the north part of town was the section affected.

Raymond Gartin who was operated on for appendicitis recently is reported to be much better today.

BELGAIN MINISTER WITHDRAWN TODAY

Statement Also Reveals Whitlock Has Not Been Allowed to Communicate With Washington

RELIEF WORKERS SENT HOME

(By United Press.) Washington, March 24.—Brand Whitlock, American minister to Belgium, has been withdrawn and all participation of this government in Belgian relief work is at an end.

This was announced in a short statement today. The statement also revealed that Minister Whitlock had been denied the privilege of communicating, even in plain language, with this government.

A protest of this government against the sinking of relief ships sent to Germany through Spain has not been answered.

The American relief workers have been ordered to leave.

The step was taken today because conditions have become impossible and also because real war is just ahead. The government feels the protection of its workers must be accomplished and apparently Germany cannot be prevailed upon to stop attacking relief ships.

FEW SHIP BUILDERS RESPOND TO CALL

Fact That Only Three Bid on Government Job for 50 Destroyers is a Disappointment

ASK TEN PER CENT PROFIT

(By United Press.) Washington, March 24.—But three ship building companies responded to the navy department's call for bids for construction of fifty torpedo boat destroyers in bids opened this afternoon. The total number of destroyers these companies offer to build was twenty-four.

In view of the department's desire to add immediately to the destroyer fleet the bids were a disappointment. A conference of ship builders was immediately called presumably to discuss emergency measures of increasing their output.

All three of the companies offered to build the boats at cost, plus ten per cent profit. None of the companies would promise delivery in a definite time but all offered the greatest speed with seventy per cent of their laborers devoted to the construction.

RUSSIAN ENEMIES FEARED

Petrograd, March 24.—Assessing that Russia's enemies were threatening Petrograd and concentrating reinforcements along the northern frontier, the minister of war today exhorted the people to stand firm and guard carefully against danger.

School Children Start Day With Patriotism Pledge

Indianapolis, Ind., March 23.—School children in practically every large city of Indiana and in many of the rural districts are starting their day's work with a pledge of patriotism and loyalty to their country, since the United States has been drawn nearer to the world war.

Flags are also placed in nearly every school room. The pledge taken by the children follows:

"I hereby pledge my love, my loyalty, my devotion to my country, and to the American flag that to all the world stands for liberty and justice. May my life be worthy of citizenship in the republic that all of us love so much."

RYON DIVORCE SUIT IS IN COURT TODAY

Ruth Ryon Seeks Decree and is Opposed by Her Husband, Who Filed a Cross-Complaint

JUDGMENT IN COWGER CASE

The divorce suit of Mrs. Ruth Ryon against Elmer Ryon was in progress today in circuit court. There was a possibility that the case would not be completed this afternoon. Mrs. Ryon seeks a divorce on the grounds of cruel and inhuman treatment and testified that on at least three occasions he had kicked her. Ryon seeks a divorce himself on a cross-complaint and he also alleges cruel and inhuman treatment.

Judge Sparks heard the suit of the T. and H. Smith Company against James E. Hinchman on a note demanding \$150 this morning and took the case under advisement.

In the case of Fred McFatrige, guardian of Elmer C. Cowger, a person of unsound mind, against William A. Cowger, Elihu Price and Clark Offutt, on a bond, demanding \$650, the court gave the plaintiff judgment for \$103.88 against Cowger as principal and Price and Offutt as securities.

MILITIA TO GUARD SHIP BUILDING WORKS

Step Taken in Massachusetts by Government May be Followed in Other States

PLANNING LAND DEFENSES

(By United Press.) Washington, March 24.—Two regiments of the Massachusetts militia will be called out at once to guard ship building works and other plants in that state under an arrangement completed today by secretary of war Baker and Governor McCall.

While the war department refused to discuss calling out of the militia in other states, there were plain indications that all guard companies will be used to the best advantage in the land defense plan.

The militiamen will guard arsenals, munition plants and ship yards where government construction is under way.

PROPERTY SEIZURE URGED

Minnesota House Committee Wants Drastic Steps for War

(By United Press.) St. Paul, Minn., March 24.—A resolution asking that the president be empowered in case of war "to seize all property of every kind constituting sources of supplies useful and necessary to the government in carrying on war, to be used during the war, and to be surrendered to the owner after the war," was recommended to the house committee of military affairs in the Minnesota legislature today.

TWO MEN KILLED

(By United Press.) Seattle, Wash., March 24.—Two men are known to have been killed and several others are missing as a result of a snow slide which carried away the snow shed on which they were working today on the Great Northern railroad.

Auburn.—The city council of this city has decided to spend \$21,000 more on the municipal light plant to purchase additional equipment.

Frank Schaffer went to Greensburg this afternoon to spend Sunday.

DISCUSSES NEED OF CONSTITUTION

Prof. Harlow Lindley of Earlham Addresses Sixth District Franchise Leagues at Luncheon

SHOWS WHY THERE IS NEED

Senator James E. Watson Also Speaks to New Voters—Betsy Edwards, District Chairman

Reinforced by fifteen years of study and teaching state and American government, Professor Harlow Lindley of Earlham college this afternoon addressed the sixth district meeting of Franchise Leagues at a luncheon at the Windsor hotel on the subjects of the needs of a new constitution. He first answered the question as to whether there is need of a new constitution and then, concluding that there is such a need, explained why there is one.

At the morning session, Miss Betsy Edwards of Shelbyville was elected chairman of the sixth district leagues. Miss Edwards has been county chairman of the Shelbyville League and is considered well qualified for the position. The other business matters dealt with during the morning session concerned the perfecting of the organizations in this district. The question of financing the district chairman was brought up and it was decided to assess each branch league in order to meet the expenses. Reports of each of the county chairmen of the activities of their league were also given. The policies of the Franchise League are directed by the state league and meetings today were to perfect the local organization and the branch leagues of this district.

Miss Esther Griffin White of Richmond, chairman of the district, had charge of the meeting this morning. The county chairmen representing the branch leagues were Mrs. A. L. Gary from this city, Mrs. Barnard of Richmond and Miss Betsy Edwards of Shelbyville. Delegates attending were Miss Edmunds, Miss Hemmersbaugh, Mrs. Dye and Miss King of Richmond; Miss Mary Gorgus, Miss Armstrong and Mrs. Edwards of Shelbyville, Miss Mary Sleeth, Mrs. John Kiplinger and Mrs. Charles Frazee of this city.

"Ladies, I am for the suffrage movement for two reasons," declared Senator James E. Watson, who also made a short talk at the luncheon. "In the first place, the woman ought to have the vote because she wants it and in the second place, I do not believe it would interfere with her home life. For years I did not think that but having talked to senators from states where women do vote, I have changed my opinion of that matter. My mind has been disillusioned on that subject and I believe that instead of woman suffrage dragging down women, it will elevate politics."

"But as an old time politician," he continued, "let me give you a bit of advice. Let your object be purely woman suffrage. Get the vote and then do what your conscience dictates. Do not start out telling about the ten thousand reforms you are going to get after you get the vote. And I will say, that when the question of suffrage comes up before the United States senate, I will vote for it for I believe it will be a good thing for woman and a good thing for the country," said the Senator for which he was heartily applauded.

Before giving this promise, Mr. Watson stated that in all of his experience as a speaker, he never before had been called upon to address a suffrage meeting. "But," he went on, "I was anxious to come to this meeting for two reasons. One was that I was anxious to hear and see what was going on, and another was I have been approached

INCUMBENTS NOT TO GET INCREASE

Copy of Law Regarding Trustees Salaries Received Here, Reveals Radical Changes

PUTS END TO SUPERVISORS

Trustees Will Have to Act in That Capacity Remainder of Term—Grades in Rush County

A copy of house bill No. 685, which abolished the office of road supervisor and fixed the salary of all township trustees and regulated the amounts to be paid for office rent and clerical expenses, has been received here.

The office of road supervisor is abolished effective January 1, 1918, but the salaries of the incumbent trustees are not affected until the end of their terms. The part fixing the allowances for office rent and expenses took effect when it was signed by the governor and under the term of the bill the advisory boards of the township are due to meet and make appropriations to meet this provision of the act.

The trustees of the state are divided into classes. Classes 7, 8 and 9 are in Rush county. Rushville township is in class 7; Anderson, Walker and Posey are in class 8, and Center, Union, Orange, Ripley, Noble, Washington, Richland and Jackson are in class 9.

Under the terms of the act the trustees of Rush county will have to act as road supervisors for one year without additional pay except perhaps an increase in traveling expenses and office rent. All of the present trustees' time in this county expires January 1, 1919 and the act pertaining to the abolishing of the road supervisors takes effect January 1, 1918 making one year that they will have to act as supervisors without pay.

Class 7, of which Rushville township is included, receives an annual salary of \$900 a year. In classes 1 to 7 the advisory boards are authorized to appropriate a sum for the employment of clerical assistants. The amount for Rushville township is not to exceed the sum of \$100 a year. The advisory boards are also to appropriate money for office rent, which in Rushville township is not to exceed \$120 a year. The trustee of this township is also allowed the sum of \$150 a year for actual expenses. This makes a total of \$1,270 a year when all of the act goes into effect.

The new basis for office rent and actual expenses is now in effect. Section 8 of the law explaining this feature is as follows: "This act shall become effective January 1, 1918."

Holding The Mirror to Prosperity's Face

That is what the advertising columns in this newspaper are doing every day in the year.

They reflect the business interests of this community and more and more are coming to reflect national activity.

They tell you at a glance just who is actively seeking business and what the reasons are for expecting to get it.

They are the meeting place of buyer and seller.

The interest they have to the reader is of an intensely practical nature. They not only give to readers information, but information of a helpful character which directly bears on their mode of living and frequently means a saving of time and money.

See what the mirror reflects today—you will find something there that will interest you.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

DOESN'T UNDERSTAND WHAT OVERT ACT IS

Germany Clings to Idea That Sinking of Hauldton is a Provocation by America

PUBLIC IS WITH NEWSPAPERS

(By United Press.)

Berlin, March 24.—Germany cannot understand why America should regard the sinking of the steamer Hauldton by a German submarine as an overt act.

Public opinion agrees with this expression in the newspapers, although admitting the possibility that American sentiment against Germany would be increased by the destruction of the vessel.

"The sinking of the American steamer Hauldton possibly will aggravate President Wilson," an editorial declared. "The allies will doubtless say this is an overt act but the sinking proves that America is making provocation."

Hartford City—F. B. Churchill, has invented a new power washing machine of steel construction and is demonstrating it here.

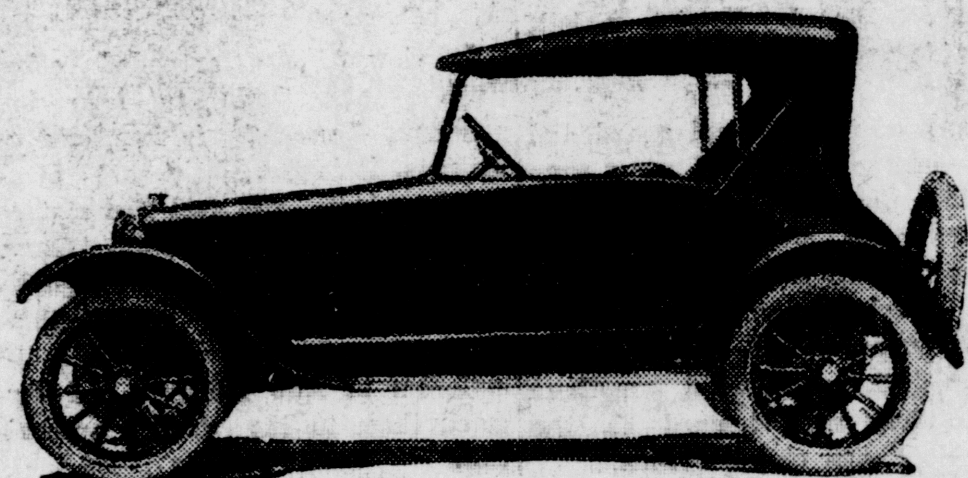

Amusements

The Lyric will show the drama "Mugget Jim's Partner" for the first picture of tonight's program. Anna Little and Frank Borgage are featured. The second is a drama "The Fool's Game." Crane Wilbur is featured. The last is a comedy in which Ben Turpin and Paddy McGuire are featured.

The first picture at the Gem tonight is "Shooting His 'Art Out'" in which Dan Russell is featured. The second is a drama "Love or an Empire." Leah Baird is featured in this one. The last is a comedy "Her Chance." The attraction at the Gem Monday night is the Pathe feature "The Romantic Journey." William Courtenay and Alice Dovey are featured. The tall, straight Mr. Courtenay and the tiny Miss Dovey make a wonderful combination. The story is one of thrilling romance and adventure affording splendid roles to these two stars of the legitimate stage. Mr. Courtenay is remembered for his recent splendid work in "Under Cover" and "Under Fire."

The Princess will show the five feature "Her Double Life" for the program tonight. Theda Bara is featured. It is said to be a thrilling story of a woman's deception. Monday and Tuesday, matinee and night "The Crisis" will be shown. The picture is from the novel of the same name by Winston Churchill. It is a powerful but impartial story of the conflict between the north and south. The book was written with a sympathy broad enough to grasp both sides of the dispute that rent the nation asunder, and is free from sectional bitterness. Two performances a day will be given, one in the afternoon and one at night starting at eight o'clock.

Terre Haute—Union barbers of this city are complaining that the raise in price of haircuts to 35 cents in union shops has caused them to lose their trade to non-union barbers.

EAT LESS---
IT WILL DO
YOU MORE
GOOD

FOLLOW YOUR MEAL WITH A
LITTLE PEPSINCO—YOUR FOOD
WILL SATISFY FOR A LONGER
TIME—NONE WILL BE WASTED.
IT WILL DO YOU 100 PER CENT
GOOD.

It's a mistaken idea that the more
you eat the more good it will do you.
It's not what you eat; it's what you
digest that does you good. Eat less—
take Pepsinco and you'll feel better—
you'll thoroughly enjoy what you eat
and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps
weak stomachs. It prevents strong
stomachs becoming weak through care-
lessness in eating. Let Pepsinco di-
gest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpen-
sive. Hundreds have Pepsinco handy
for such an exigency. Many suffer
after every meal—they don't use Pep-
sinco. Thousands eat with a relish—
they use Pepsinco.

No need for sour stomach, sick head-
ache, indigestion, bloating, heartburn
and food distress. Pepsinco must sure-
ly be used when your food kicks back;
when stomach pains; when you belch
up sour stuff; when you get up in the
morning with a mean, disagreeable,
dark brown taste; when your food
does not taste natural; when stomach
revolts at the sight of food; when
sleep is interrupted with bad dreams;
when breathing is heavy from gas pres-
sure. Pepsinco never fails to help in
all cases where misery follows a meal.

Thousands today are using Pepsinco,
happy in the thought that they have a
reliable preparation to fall back on if
stomach fails them. All druggists car-
ry Pepsinco in small packages—large
enough to show what they are worth.
Get a package today, now, at once and
not only help your stomach, but also
cut your food bill down.

Patriotism and Babies.

How the strength of the nation is
being impaired by the conditions
which make babies sick and die,
and what some two thousand com-
munities have done to awaken in-
terest in the conservation of the
youngest citizens, are briefly re-
viewed in a new bulletin on baby-
week campaign which has just been
issued by the children's bureau of
the U. S. department of labor.

Approximately one in ten of all
the babies born in the United States
dies before completing twelve
months of life, and the Children's
Bureau says:

"It was once thought that a high
infant death rate indicated a gerat-
er degree of vigor in the survivors.
Now it is agreed that the conditions
which destroy so many of the
youngest lives of the community
must also result in crippling and
maiming many others and must re-
act unfavorably upon the health of
the entire community."

Two thousand one hundred com-
munities have reported to the child-
ren's bureau the details of a baby
day or a baby week by which they
called attention to the need of pro-
tecting their babies. Ingenious de-

Lung Trouble

and throat troubles generally start
with a slight cough or cold. No
telling where they'll stop. Prompt
action is the only safeguard.

How Russian Revolt Will Help Allies Win the War

The crucible of war has produced the Russian revolution, and others are apparently
expected by observers who note that the peoples of all the belligerent nations are taking stock
of their rulers with a clear-eyed vision induced by the stern reality of suffering and death.

"The Russian people," says *Russkoye Slovo* (New York), "are opposed to war
and to militarism, but they believe that their own success as revolutionists will mean
revolution on the part of the Germanic peoples. Then they hope and believe there will
come a consolidation of all the revolutionary peoples, Russian and Germanic, a combina-
tion that by its very force and weight will compel the militarists of Europe's warring
nations to cease their strife. And so, out of revolution will come the great peace."

You should read THE LITERARY DIGEST for March 24th to form an accurate
opinion of the cause and result of the Russian Revolution, and the effect it will have in
deciding the fortunes of war for the Entente Allies.

Other features in this number of immediate and pressing interest to the American
people are:

What is Good for the Child Should Be Good for the Parent

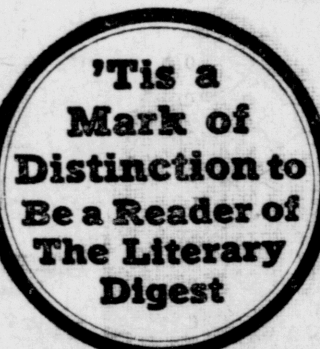

In educating our children we do not follow the
policy of insisting that they shall confine themselves
to a narrow and one-sided view of things. Rather
do we insist that their training shall be broad and
comprehensive and that they shall be told what
all thinkers, and not merely a certain group of
thinkers, have to say on a given subject. We all
recognize this as a sound policy in matters educa-
tional, yet how many of us follow it in relation to
our personal thinking on the great questions of the

day? Very few, if the truth be told. To the man
or woman who wishes to see both sides, to get
an intelligent view of life and all its interests, at
home and abroad, THE LITERARY DIGEST
offers each week an intensely interesting and
wholly impartial summary of all that is going on
in politics, art, science, religion, finance, etc., leav-
ing you to form your own conclusions from its
unbiased presentation of the facts. Read it and
think along broad lines for yourself.

MIGHT TRY EATING EASTER FLOWERS; NO RISE IN PRICE.

(By United Press.)

Chicago, March 24.—You may not
be able to eat the once aristocratic
egg for Easter but along with the
new suit or dress two weeks from
tomorrow you can sport a bouquet
of violets or even the custom de-
creed Easter lily. They're not go-
ing up in price. Florists in Chicago
and the rest of the country so an-
nounced today.

At the annual national gathering
here of horticulturists, wholesale
and retail, it becomes apparent that
neither the tariff war or subma-
rine blockade could by the most vi-
vid stretch of imagination be as-
cribed as an excuse for an advance
in the cost of lady's corsage.

Lilies, the florists declare, will al-
ways remain the flower of Easter.
Corsage bouquets of violets, livened
up with lilies of the valley or an
orchid will also be the correct thing
for Easter day.

Other information of note was the
declaration that the tendency of the
times is to return to the old June
roses of yester year, the round
petaled flowers which grow in the
country. The Wieland and the
Storey varieties are scheduled to
become the most popular.

VICES for exhibits, new methods of
distributing pamphlets on baby care,
ways in which information on local
conditions was secured and publish-
ed and other interesting features
from these local reports are de-
scribed in the bulletin as suggestive
for those who are planning a similar
campaign.

The bureau says: "Not all of the
2,100 communities reporting a baby-
week campaign in 1916 may find it
wise to repeat the celebration in
1917; but the United States in-
cludes 14,186 incorporated cities,
towns, and villages, and it is
doubtful if among the thousands
which have never had a baby day
or a baby week there is a single
town or village which would not
profit from such a campaign."

"Mexicans submitting to the
bath," says a southern dispatch.
Impossible—don't believe a word of
it!

Why, we wonder, does Mr. Eilson
seek to muzzle the press and yet
allow the congressional tongue to
keep right on wagging?

TODAY'S HOOSIER ODDITY

RUSHVILLE LIST IN NEW DIRECTORY

Indianapolis Phone Company Book
Contains Local Subscribers
to Facilitate Calling

NEW SYSTEM IN OPERATION

Directories of the Indianapolis Telephone company containing the new automatic numbers have been received here. The directory also contains the numbers of all telephone users in several towns and cities outside of Indianapolis, Rushville being included in the list.

The present system of long distance calling between this city and Indianapolis will be used but within six months the system will be so arranged that in calling a party in Indianapolis the name of the party wanted will be given to the local long distance operator and she in turn will call the Indianapolis party by the automatic, eliminating the time usually required for her to give the name to the Indianapolis operator. In this manner there will be but one check on the call. The same system will be followed from the Indianapolis end of the line.

WHAT-YOU-MAY COLUMN

BY "GM."

Chins.

The chin is a one-story addition built on the lower end of man's physiognomy to keep his face from ending too abruptly.

But some perverse faces end that way anyhow. In fact, chins, like wealth, are unevenly distributed. Some of us have too many and some none at all. The Lord intended us to have one apiece, but whoever is in charge of the chin distribution departments has muffed his job.

This is unfortunate, as the chin is an almost indispensable adjunct to every face. It is necessary for whiskers and things. The man who wears an assortment of them ought to be ashamed of himself.

DR. R. L. KELLY RESIGNS.
(By United Press.)

Richmond, Ind., March 24.—Dr. R. L. Kelly, president of Earlham college, has announced that he has accepted the executive secretaryship of the council of church boards of education of the United States. He will take up his new duties next September. President Kelly has been with Earlham college sixteen years.

PARDON BOARD TO HEAR MANY CASES

Fourteen Prisoners Serving Life Sentences Will Present Cases Next Week.

ROMAINE'S NAME IN LIST

(By United Press.)

Indianapolis, Ind., March 24.—Fourteen prisoners who are serving life sentences in the Indiana prison, will be among those cases considered by the pardon board when it meets early next week for its quarterly session.

Among the important cases is that of Arthur McPherson who shot and killed Michael Hurt in Indianapolis on Christmas morning, 1910, while Hurt's wife looked on, following a quarrel over a loan of \$5.

Henry Romaine was convicted on circumstantial evidence of killing Charles and John McQuade near Columbus in March, 1913. The McQuade brothers, both aged men were called to the door late at night by a stranger who asked that his wagon had broken down and he needed assistance.

One of the men opened the door and the lamp he was holding, knocked from his hand and he was killed. When his brother attempted to aid him, he also was killed. With Romaine, Rufus Clark and John Tyler were convicted of being implicated in the crime.

"BOYS DAY" LATEST TO BE CELEBRATED

Governor of New Jersey Has Plan to Bring Fathers and Sons Closer Together.

EVENT SET FOR TOMORROW

(By United Press.)

Trenton, N. J., March 24.—Tomorrow will be "Boys' Day" in New Jersey; the first "Boys' Day" ever proclaimed in the United States.

Governor Edge's idea in inaugurating it is to encourage closer relations between fathers and sons. He believes that as fathers grow older they lose the viewpoint of youth in most cases; and that their sons suffer accordingly.

The object is two fold: to stabilize the sons and revivify the fathers through mutual association. Lack of association with each other, the governor thinks, is harmful to both the young boys and the old; and tends to create misunderstanding between them on points concerning which there should be no misunderstanding.

Instant Bunion Relief

Guaranteed — or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be—or how often or by whom treated and pronounced "incurable"—here at least is convincing proof that there is positive relief for you—right now—today.

"Bunion Comfort"

Is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunions. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort—don't cut holes in your shoes and use old fashioned cotton or felt wads, washers and steel contraptions. "Bunion Comfort" is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal size. Get a Box of "Bunion Comfort" Today try two plasters free and if you don't declare this to be the most marvelous bunion remedy you've ever tried—return the other ten plasters and get your money back.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Miss Belma Clark and Miss Marie Clawson spent Thursday as the guests of Mr. and Mrs. Reeves Woods at their home near Arlington.

The meeting of the Fairview Department Club which was to have been held this week has been postponed indefinitely.

All young people interested in the Epworth League of the St. Paul's M. E. church are invited to the social to be given in the church on Monday evening. It is to be very informal and the social committee is promising some novel entertainment.

At a prettily appointed dinner, Mr. and Mrs. Merrill Ball entertained at their home in North Morgan street last evening Dr. and Mrs. D. D. VanOsdel, Mr. and Mrs. A. L. Gary and Mr. and Mrs. Herman Tompkins. An elegant course dinner was served to the guests.

All of the vocal members of the active division of the Musicales are asked to rehearse for the chorus this evening at 7 o'clock in the assembly room of the court house. The chorus is to be a part of the program on Monday, April 2, when the Connersville Musicales is to be entertained here. A fine will be levied for those not taking part in the chorus.

Mrs. Helen Pierson gave a pretty little sewing party yesterday afternoon honoring her mother, Mrs. Pierson, and sister, Miss Carrie Pierson, of Flint, Mich. About eighteen guests were invited in to meet the guests of honor and enjoy the social afternoon together over their needlework. For the affair, the home was appropriately decorated with spring flowers and daffodils. A tempting luncheon was served late in the afternoon.

Mr. and Mrs. Bert Davison entertained the members of the Friday Evening Five Hundred Club at their hospitable country home last evening an elegant dinner was served preceding the card games. The dinner was served at the small tables and afterwards a social evening was enjoyed by Mr. and Mrs. O. P. Wamsley, Mr. and Mrs. Earl Winship, Mr. and Mrs. Charles Winship, Mr. and Mrs. A. L. Winship, Mr. and Mrs. Hubert Innis, and Mr. and Mrs. Cliff Winship.

A party was given by Mr. and Mrs. C. F. Jones at their home southeast of the city on Tuesday evening in honor of their son, Elmer, the occasion being his twentieth birthday. The evening was spent in playing games while music was provided by several of the guests. Dainty refreshments were served to the guests who were the Misses Lena Brokelmeier, Carol and Mary Craig of Greensburg, Gladys Lucas of Bloomington, Marie Mosburg and Sudie Shellhorn, and Harold Willeford, Paul Thorpe, Conde Whiteman and Willard White of Milroy, Russel Pugh, Miles Cox and Elmer Caldwell of this city.

Social Calendar

Monday

Coterie Club, with Mrs. Helen Pierson at 320 West Third street, in the afternoon.

Tri Kappa sorority, with Miss Hannah Morris at 310 East Fifth street in the evening.

Monday Circle, with Mrs. L. C. Lambert at 220 East Seventh street in the afternoon at 2:30. Lecture by Mrs. Demarchus Brown on "Much Ado About Nothing."

Monday Study Club, with Mrs. Mary Jones of Milroy in the afternoon.

The Rebekahs and their families are invited to attend a masquerade party to be given in the I. O. O. F. hall Tuesday, March 27. Everybody is requested to come masked. Those not masked will be assessed a fine at the door. Each lady is requested to bring a pie.

Fifteen members of the Friday Afternoon Embroidery club were entertained by Mrs. Revilo Ferguson at her home in North Harrison street yesterday afternoon and spent a delightful time together over their sewing. The hostess served a delicious salad course. Miss Cora Winship will have the club in two weeks.

Mrs. Dan Drake will entertain at a family dinner tomorrow at her home in West First street. Among the guests will be Mr. and Mrs. Harry Wright and son, Gilbert, and Mr. and Mrs. Jackson, all of Brookville, Mr. and Mrs. John Ellerman of Arlington, Mr. and Mrs. Elmer Drake, Mr. and Mrs. Jesse Drake of this city, Dan Drake of West Virginia, Miss Mattie Bates, Herschell Schmall and Claude Carr.

The members of the U Go I Go Club were delightfully entertained at the home of Mr. and Mrs. Carl Logan Friday evening with a pitch-in supper. Rook games followed the service of the sumptuous meal. Aside from the regular club members, guests were Mr. and Mrs. Paul Morris and son, Mr. and Mrs. Elsa Hilligoss and daughter. The next meeting will be with Mrs. Mary Poston.

Mrs. Fannie O. Smith was honored with a surprise yesterday at the home of her daughter, Mrs. John H. Frazee in North Harrison street, when a family dinner was given to celebrate her birthday. The pitch-in dinner was a delicious affair. The members of the family honoring Mrs. Smith in this way were Dr. and Mrs. W. C. Smith and children, Norma and Conwell, Walter E. Smith, Mrs. Helm Woodward and son, Robert Helm, of Cincinnati, and Mr. and Mrs. Frazee.

Miss Margaret Ball is giving a charming party for a group of her girl friends at her home in North Morgan street this evening. The guests have been invited in for dinner, for the service of which the table has been decorated with spring flowers of daffodils, and blue birds and butterflies are floating about the dining room. The dinner guests are the Misses Helen Frazee, Mary Louise Bliss, Mary Louise Poe, Esther Anderson, Lois Reeve, Dorothy Sparks, Kathryn Guffin and Kathryn Wooden and Dorothy Mulno.

"SAVE THE BABIES."

To avoid infection keep all playthings out of the baby's mouth. Flies carry disease to babies. Keep the baby's room screened. Keep flies away from the baby's food and from the baby at all times. Cover the crib or carriage with netting to keep out the flies and mosquitoes. This concludes the series.

DISCUSSES THE NEED OF A NEW STATE CONSTITUTION

ed many times on the subject and I am not afraid to express my opinion on the subject. My attitude has generally been one of seeming indifference. It was this way in the first place because I thought if women wanted the vote they should have it but it didn't seem as if they really wanted it. Too, I believe very strongly that if women are permitted to vote, that every one should be compelled to vote and there should be a heavy penalty for any man or woman not using the ballot."

During the service of the luncheon the high school nkelele chorus composed of eight boys and girls sang three beautiful numbers and were heartily applauded. Their numbers were "Down Honolulu Way," "Give Me All Your Loving" and another Hawaiian number. Miss Edith Buell sang "Where My Caravan Has Rested" and was accompanied by Miss Clorenne Amos. She was very popular with the women.

Miss Esther Griffin White of Richmond, district chairman, presided over the meeting, making a short talk and introducing the numbers. Miss Betsy Edwards, the incoming district chairman, thanked the women for supporting her for the office.

Sixty three sat down to the luncheon which consisted of three beautifully served courses. The suffrage colors of yellow were used in the decorations on the table. Daffodils, large bouquets of them, enclosed in immense crepe paper daffodils, were on each table.

Prof. Lindley first considered the present constitution, which he showed is entirely out of date, and then developed the tendencies of modern government. He was not inclined to criticize the present constitution for what it is. He said ample proof that it had been adequate in fundamental law was disclosed by the fact that it had served the state for sixty-five years.

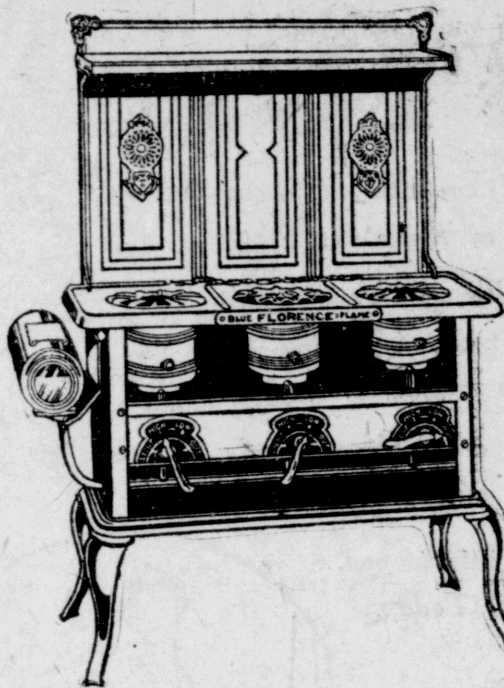

Prof. Lindley pointed out that the general idea about a constitutional convention was that it was for the purpose of putting new laws in the constitution. He showed the fallacy of this belief by declaring the object is to form a structure to meet the present needs. The average person, he said, does not see the fundamental difference between statute and constitutional law. Prof. Lindley declared that a constitution should be the means by which the people can at any time obtain what they want.

"When the present constitution was made we had no cities or any of the developments of the twentieth century," he continued. "In 1850 Indiana was practically all rural population, the government was democratic and all the people were equal. Economic conditions changed with the growth of corporations and cities.

"The greatest weakness of the present constitution is in the ability to amend it. A method is provided but it is so cumbersome that the constitution has been amended only twice in sixty-five years. If it were easily amended, it could be amended to meet the present needs and a new constitution would not be needed."

He cited as a case in point an effort recently to amend the constitution so as to provide for qualifications for lawyers. The only qualification at present is a good moral character. He showed that in 1851 nearly everyone was able to plead their own case in court and the lawyer's profession was not of the importance that it is now. Prof. Lindley recalled that the legislature passed the amendment providing qualifications for lawyers but that the people did not take sufficient interest in the amendment when it was submitted to pass it. In this connection, he showed another weakness of the constitution which provides that an amendment to carry must have a majority of the votes cast in the election and not the total number of votes cast on the amendment.

Prof. Lindley, without expressing any sentiment for or against, pointed out the foremost problems which the people would have to consider in voting for a delegate to the convention. He listed in this group: suffrage, home rule for cities, equitable taxing system, simplified ballot, popular form of government by the use of the initiative, referendum and recall, reforms in the judiciary and administration of justice, control of public utilities, amending of

Just Like a Gas Range

Florence Blue Flame

Only it can be operated at less cost. Burns 70% air and 30% oil. No smoke, no soot, no odor, no wicks, no leaks, no generating and no danger. Made heavier and cooks quicker on less oil than any oil stove ever manufactured. Burners set up close under cooking utensils. The Range is made in 5 sizes.

unamendable feature of present constitution, problems of labor and capital, how far the state wants to go in regulating morals and other things.

He called attention to the fact that by suffrage he did not mean enfranchisement of women alone, but the evil which exists now whereby a foreign-born man may vote before he becomes a citizen:

With The Churches

At the United Presbyterian church Sunday the following service will be conducted: Bible school at 9:30 a. m.; morning service at 10:30 a. m. with the sacrament of the Lord's Supper; intermediate Y. P. C. U. at 6 o'clock; preaching service in the evening at 7 o'clock. Congregational prayer meeting at 7:30 Thursday evening.

At the First Presbyterian church on Sunday, there will be Quiet Hour at 7 a. m.; Bible school at 9:30 a. m.; meeting of session to receive new members at 10:15 a. m.; Divine Worship at 10:30 a. m. with short sermon by pastor and communion service; Christian Endeavor at 6 p. m.; evening worship at 7 p. m. with sermon by pastor. Special music at each service.

Services at the Main Street Christian church Sunday will include Bible school at 9:15 a. m.; preaching by the pastor at 10:30 on the subject, "Religious Appendixes;" preaching by the Rev. L. E. Brown of Connersville in the evening at seven on the subject, "Deserting in the Day of Battle." The last named service will be the first of a revival meeting which will continue until Easter.

There will be the regular services at the St. Paul's M. E. church on Sunday with Sabbath school at 9:15 o'clock; preaching by the pastor at 10:30 and 7 o'clock; Epworth

League at 6 o'clock. Mrs. Esther McCloud will be leader for the meeting of Epworth League and Miss Hazel Smalley will sing a solo. Junior League Thursday afternoon at 4 o'clock and midweek prayer meeting Thursday evening at 7:30 p. m.

WHILE "COVERING" STORY REPORTER JOINS THE MARINES

Fort Worth, Texas, March 24.—The shock that about Ben Adhem experienced when he was awakened by the angel had nothing on the surprise that Guy D. Wilson, a cub reporter, furnished the editor of the Fort Worth Record.

Wilson was sent to visit recruiting stations and bring in the names

of men enlisted that day. After a call at the United States Marine Corps, he decided he would give up newspaper work and follow the fortunes of the "soldiers of the sea." He sent his report back to the editor by messenger.

The following edition of the Record published a long list of recruits, and—"Lo, Guy Wilson's name led all the rest."

The morning frock should be of serge, the afternoon frock of velvet and the evening frock of satin or any soft, rich fabric.

A DENTISTS FORMULA

VEGETABLE CALOMEL

Vegetable calomel, extract of the
root of the old-fashioned may-apple
plant, does not salivate. As a liver
stimulator, it's great. It's a per-
fect substitute for ordinary calomel
(mercury); in fact, it's better,
because its action is gentle instead
of severe and irritating—and it
leaves no mean, disagreeable after-
effects. Physicians recognize this
and prescribe may-apple root (po-
dophyllin, to be exact) daily.
Combined with four other stand-
ard, all-vegetable remedies, may-
apple root may now be had at most
any druggist's in convenient sugar-
coated tablet form by asking for
Sentinel Laxatives. If you forget
the name, ask for the box that has
the picture of the soldier on it.

These tablets are small, easy to
take and are really wonderful little
performers.

They quickly clean out the poi-
sons that are causing you head-
ache, constipation, sour stomach,
biliousness, dizzy spells, bad breath
and coated tongue.

They are mild. They never
gripe. And they are a bowel tonic
as well as a cleanser and liver
regulator. A 10c box should last
one several weeks. A Physician's
trial package (4 doses) will be
mailed you free if you write men-
tioning this advertisement. The
Sentinel Remedies Co., 802 Mad-
ison Ave., Covington, Ky.

PETITION OF BANKRUPT FOR DISCHARGE

In the Matter of Edwin K. Alsmen,
Bankrupt.
No. 4412 in Bankruptcy.

District of Indiana, ss:

On this 16th day of March, A. D.
1917, on reading the petition of the
bankrupt for his discharge, it is ordered
by the Court, that a hearing be had up-
on the same on the 27th day of April,
A. D. 1917, before said Court, at In-
dianapolis, in said District, at nine
o'clock in the forenoon, and that no-
tice thereof be published twice in the
Rushville Republican, a newspaper
printed in said District, and that all
known creditors and other persons in
interest may appear at the said time and
place and show cause, if any they
have, why the prayer of the said peti-
tioner should not be granted.

And it is further ordered by the
Court, that the Clerk shall send by
mail to all known creditors copies of
said petition and this order, addressed
to them at their places of residence as
stated.

Witness, the Honorable Albert B.
Anderson, Judge of said Court, and
the seal thereof at Indianapolis, in said
District on the 16th day of March A.
D. 1917.

(Seal) NOBLE C. BUTLER,
Mar 17-24 Clerk.

NO CHANCE OF WET AND DRY ELECTION

Legislature Passed Law Which
Prevents Opening of Saloons
Prior to April 2, 1918

ELECTION HERE MAR. 30, 1915

At That Time City Went Dry by a
Majority of 178—State-Wide
Law Effective in Year

There is no chance of a wet and
dry election in Rushville prior to
the state-wide prohibition law be-
coming effective on April 2, 1918
because of a law which passed the
legislature preventing such a thing.
The dries, it is said, had in mind
that in many cities now dry efforts
would be made to make them wet
for the year intervening between the
state-wide law was passed and be-
came effective.

The first section of the bill reads
as follows:

Be it enacted by the general as-
sembly of the state of Indiana, That
no license or extension of license to
sell intoxicating liquor at retail or
wholesale in the state of Indiana
shall, prior to April 2, 1918, be
granted to any person except such
person be a present holder of such
license or shall become the holder
of such by lawful transfer or or-
der of court.

This provision looked innocent
enough, but its effect is far greater
than was understood at the time.
Under this provision, there can be
no more local option elections in
Indiana before the prohibition law
takes effect. Any county, township
or city which is dry at this time
will necessarily remain dry. Even
if a local option election were to de-
cide that the county, township or

A NECESSITY

Mrs. Collier Says Could Not Keep
House Without Black-Draught.

Hardin, Mo.—Mrs. J. W. Collier, of
this town, who knows from experience
of the merit of Black-Draught Liver
Medicine, has following to say for
publication: "I want to let everybody
know that I have used Thedford's
Black-Draught for many years, and it
is just what is claimed for it. I am
never without Black-Draught, and
really I couldn't keep house without it.
Whenever I feel bad, I take a small
dose, and feel better right away.
I advise everybody who suffers
from liver or stomach trouble to use
Black-Draught Liver Medicine."

For three-quarters of a century
(75 years), Thedford's Black-Draught
has been regulating irregularities of
the liver, stomach and bowels, and has
long been recognized as the standard
remedy. It is a fixture in thousands
of homes as the main stay of the fam-
ily medicine chest.

If you have not tried it, get a pack-
age from your nearest dealer, today.
He sells it in 25c and \$1.00 packages,
making it cost you only one cent a
dose. NCB3

KWICK FAT Fattens Hogs Quick

5 POUNDS
EXTRA WEIGHT
EVERY 30 DAYS OR
NO PAY

THINK OF IT—

We do not ask you to take our word
and pay your money for Kwick Fat
before you know what it is—what it
will do for you in the way of in-
creased profit from your hogs. We say to
you—Get a bag of Kwick Fat on
our 30 days' free trial offer—make
a test if you wish, then if your hogs
do not show a gain of at least 5
pounds each, extra weight per month,
over regular gain, then you need not
pay for Kwick Fat. Your scales to
be the judge.

H. G. GILSON
Salesman

820 N. Sexton. Phone 2164

Wallace Morgan & Gates Ketchum
Morgan & Ketchum
Lawyers

Phone 1637 Cutter Building
Rushville, Indiana

city shall become wet and saloons
shall be re-established this could
not be carried out, because there
are now no saloon licenses in effect
in such dry county, township or
city, and this new law says that no
license can be issued except to a
present license holder or a person
who acquires a license in the legal
manner.

In fully twenty cities in the state
in which two years of dry period
created by the former local option
elections will soon expire, plans had
been made for local option elections,
to be held this spring, but those
elections will not be held, for they
would accomplish nothing. These
places could not make themselves
wet now, even if they wished to do
so.

The same situation exists with re-
ference to those counties, cities,
townships or wards in which remon-
strances are in effect. When the
lifetime of these remonstrances
expires, so it was planned, the li-
quor men would undertake to reopen
saloons unless new remonstrances
were filed to prevent their doing so,
but under this law they can not re-
open saloons in these places, be-
cause there are no present license
holders there to whom new licenses
could be granted. Territory that is
now dry by remonstrance will re-
main bone dry after the expiration
of the remonstrance period, and no
new remonstrance is necessary to
do this.

In other words, all territory in the
state that is now dry will remain
dry and it can not be made wet.
This was more than the liquor in-
terests bargained for when they put
the bill through. As the bill was
passed by the house it did not carry
an emergency clause, but this was
added by the senate, and the law be-
came effective as soon as it was
signed by the governor. It is now a
law.

AUTO RACE CALLED OFF.

(By United Press.)
Indianapolis, Ind., March 24.—On
account of war conditions the an-
nual 500 mile Decoration day auto-
mobile race held on the Indianapolis
speedway since 1909, has been cal-
led off. James A. Allison, secretary
and treasurer of the speedway com-
pany announced that all plans for
this year's race had been dropped
and in case of war the speedway
would be turned over to the govern-
ment for aviation purposes.

KAISER IS ASSAILED

(By United Press.)
Amsterdam, March 24.—A bitter
attack on Kaiser Wilhelm and Chan-
cellor Bethmann-Hollweg as "those
who originated the war" and a de-
claration lauding the Russian revo-
lution were made in the Reichstag,
according to word reaching here
today.

ANNUAL MEETING

The annual meeting of the Stock-
holders of the Rushville Natural
Gas Company will be held in their
office in Rushville, Ind., in Tuesday,
April 24th 1917 at 2 o'clock p. m.,
for the election of Six (6) Directors
to serve for one year from that
date; and for such other business
as may properly come before them
at that time.

THEO. H. REED, Sec'y.
(Advertisement.)

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, "Hamburger Brust Thee," at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teacup full at any time during the
day or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also loosens the
bowels, thus driving a cold from the
system.

Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with
a small bottle of old honest
St. Jacobs Oil

When your back is sore and lame
or lumbago, sciatica or rheumatism has
you stiffened up, don't suffer! Get a
25 cent bottle of old, honest "St.
Jacobs Oil" at any drug store, pour a
little in your hand and rub it right
into the pain or ache, and by the time
you count fifty, the soreness and lame-
ness is gone.

Don't stay crippled! This soothing,
penetrating oil needs to be used only
once. It takes the ache and pain right
out of your back and ends the misery.
It is magical, yet absolutely harmless
and doesn't burn the skin.

Nothing else stops lumbago, sciatica
and lame back misery so promptly!

DEATH LIST IN NEW ALBANY TORNADO IS INCREASED TO 34

Property Damage is Estimated To-day at \$1,500,000, With 300 Homes Destroyed

RELIEF WORK IS STARTED

National Guardsmen Patrol Storm District and Homeless are Housed in Hospitals

BIG DISTRICT DEVASTATED

Report From Indianapolis Says That Thirty-Eight Bodies Have Been Recovered

38 REPORTED DEAD

Indianapolis, Ind., March 24.—An appeal for 204 national guard troops to patrol the tornado swept district at New Albany was received by Adjutant General Smith today. General Smith immediately ordered the Princeton company and also arranged to send a special company from Indianapolis.

Major Carter, commanding the First Field Hospital company at New Albany, reported to General Smith today that sanitary conditions in the stricken city were good. Carter reported 38 dead taken from the ruins.

New Albany, Ind., March 24.—Thirty-four bodies have been recovered today from the ruins of the tornado which struck this city late yesterday afternoon and three hundred homes were destroyed and \$1,500,000 damage done.

The devastated district, a half mile wide and 2 miles long, was under martial law. The Seymour company of the national guard and the Indianapolis hospital corps were patrolling the district. The Carroll City company was also ordered here. Fire broke out during the night in the district swept by the storm. Three houses were destroyed before extinguished. Homeless mothers and children were housed in the public buildings and hospitals.

Relief work was started today. Funds were being raised in many cities of the state. Squads of men were cleaning up the ruins and many were making plans for rebuilding.

Red Cross workers from Indianapolis and Cincinnati took up the relief work today.

The relief fund was started by residents of New Albany with contributions of \$3,000.

Mayor Morris ordered all saloons closed today. No one is allowed in the storm district unless provided with a pass and then only during the day as no one will be admitted at night.

More than one hundred persons have been treated at the City hospital, many others being taken care of in homes and others taken to Louisville, making it impossible to secure an accurate list of the number of injured.

West Union, a subdivision in the northeastern section of the city, was the hardest hit. Here the wind swept a path two blocks wide and more than a mile long, leveling homes and factories.

Requests for aid were sent immediately to Louisville and the State Reformatory at Jeffersonville and Governor Goodrich was asked to send National Guards to aid.

Every available physician has been enlisted in the relief work and the one hospital has been filled to its capacity.

The tornado caught the city wholly unawares. It had been raining slightly early in the afternoon. All

MANY HERE SEE TWISTER

Swirling Motion in Clouds Above Rushville Noted Yesterday

Many people here reported seeing a twister pass over Rushville yesterday afternoon about the time the tornado hit New Albany. Several persons were found today who recall seeing a swirling motion in the clouds high above their heads and the thought came to many then that there was probably another cyclone some place near. The twister came from the southwest—more south than west—and moved towards the northeast. It was accompanied by a roaring noise like the sound of a train.

NEW ALBANY FUND STARTED WITH \$25

Walter E. Smith Opens Movement For New Albany Sufferers With \$10 This Morning

DONATIONS TO BE RECEIVED

Walter E. Smith was the first to call the Daily Republican this morning and say that he wanted to contribute ten dollars for the relief of persons who suffered in the tornado at New Albany yesterday afternoon. Soon afterwards Mrs. Frances A. Cullen donated a like amount for the same purpose. T. H. Reed and son this afternoon gave five dollars.

In view of the extended effort Rush county made to help her neighbor, Newcastle, in her hour of distress, it is not likely that Rush county people will feel like making large contributions to New Albany, but the Daily Republican will gladly receive the volunteer contributions of any persons who wish to help the sufferers at New Albany and forward them to the proper authorities.

FORMER RUSHVILLE PEOPLE ARE ALL SAFE

Word Received by Pennsylvania That One Time Residents Here Escaped New Albany Tornado

BARTON CALDWELL WIRES

Several former Rushville persons are residents of New Albany, but so far as could be learned today none of them was hurt or suffered any property loss in the tornado there yesterday afternoon. Barton Caldwell telegraphed relatives last night that he and his family were safe and that their home was not damaged. Clifford Haehl, who was at one time employed at the Pennsylvania depot here, lived in the same house with Mr. Caldwell and it is presumed that he escaped.

Word was received at the Pennsylvania depot that all of the railroad men in New Albany escaped. This included Scott Wilkinson, until a few weeks ago a resident of this city, when he was employed at the Pennsylvania. John Butler, also at the Pennsylvania here, was not hurt. It was also reported that V. O. Elkins, one time western Union operator in Rushville, was not in the district. They all lived in the south part of New Albany and the north part of town was the section affected.

Raymond Gartin who was operated on for appendicitis recently is reported to be much better today.

BELGAIN MINISTER WITHDRAWN TODAY

Statement Also Reveals Whitlock Has Not Been Allowed to Communicate With Washington

RELIEF WORKERS SENT HOME

(By United Press.)
Washington, March 24.—Brand Whitlock, American minister to Belgium, has been withdrawn and all participation of this government in Belgian relief work is at an end. This was announced in a short statement today. The statement also revealed that Minister Whitlock had been denied the privilege of communicating, even in plain language, with this government.

A protest of this government against the sinking of relief ships sent to Germany through Spain has not been answered.

The American relief workers have been ordered to leave.

The step was taken today because conditions have become impossible and also because real war is just ahead. The government feels the protection of its workers must be accomplished and apparently Germany cannot be prevailed upon to stop attacking relief ships.

FEW SHIP BUILDERS RESPOND TO CALL

Fact That Only Three Bid on Government Job for 50 Destroyers is a Disappointment

ASK TEN PER CENT PROFIT

(By United Press.)
Washington, March 24.—But three ship building companies responded to the navy department's call for bids for construction of fifty torpedo boat destroyers in bids opened this afternoon. The total number of destroyers these companies offer to build was twenty-four.

In view of the department's desire to add immediately to the destroyer fleet the bids were a disappointment. A conference of ship builders was immediately called presumably to discuss emergency measures of increasing their output.

All three of the companies offered to build the boats at cost, plus ten per cent profit. None of the companies would promise delivery in a definite time but all offered the greatest speed with seventy per cent of their laborers devoted to the construction.

RUSSIAN ENEMIES FEARED

Petrograd, March 24.—Assessing that Russia's enemies were threatening Petrograd and concentrating reinforcements along the northern frontier, the minister of war today exhorted the people to stand firm and guard carefully against danger.

School Children Start Day With Patriotism Pledge

Indianapolis, Ind., March 23.—School children in practically every large city of Indiana and in many of the rural districts are starting their day's work with a pledge of patriotism and loyalty to their country, since the United States has been drawn nearer to the world war.

Flags are also placed in nearly every school room. The pledge taken by the children follows:

"I hereby pledge my love, my loyalty, my devotion to my country, and to the American flag that to all the world stands for liberty and justice. May my life be worthy of citizenship in the republic that all of us love so much."

RYON DIVORCE SUIT IS IN COURT TODAY

Ruth Ryon Seeks Decree and is Opposed by Her Husband, Who Filed a Cross-Complaint

JUDGMENT IN COWGER CASE

The divorce suit of Mrs. Ruth Ryon against Elmer Ryon was in progress today in circuit court. There was a possibility that the case would not be completed this afternoon. Mrs. Ryon seeks a divorce on the grounds of cruel and inhuman treatment and testified that on at least three occasions he had kicked her. Ryon seeks a divorce himself on a cross-complaint and he also alleges cruel and inhuman treatment.

Judge Sparks heard the suit of the T. and H. Smith Company against James E. Hinchman on a note demanding \$150 this morning and took the case under advisement.

In the case of Fred McFarridge, guardian of Elmer C. Cowger, a person of unsound mind, against William A. Cowger, Elihu Price and Clark Offutt, on a bond, demanding \$650, the court gave the plaintiff judgment for \$103.88 against Cowger as principal and Price and Offutt as securities.

MILITIA TO GUARD SHIP BUILDING WORKS

Step Taken in Massachusetts by Government May be Followed in Other States

PLANNING LAND DEFENSES

(By United Press.)
Washington, March 24.—Two regiments of the Massachusetts militia will be called out at once to guard ship building works and other plants in that state under an arrangement completed today by secretary of war Baker and Governor McCall.

While the war department refused to discuss calling out of the militia in other states, there were plain indications that all guard companies will be used to the best advantage in the land defense plan.

The militiamen will guard arsenals, munition plants and ship yards where government construction is under way.

PROPERTY SEIZURE URGED

Minnesota House Committee Wants Drastic Steps For War

(By United Press.)

St. Paul, Minn., March 24.—A resolution asking that the president be empowered in case of war "to seize all property of every kind constituting sources of supplies useful and necessary to the government in carrying on war, to be used during the war, and to be surrendered to the owner after the war," was recommended to the house committee of military affairs in the Minnesota legislature today.

TWO MEN KILLED

(By United Press.)
Seattle, Wash., March 24.—Two men are known to have been killed and several others are missing as a result of a snow slide which carried away the snow shed on which they were working today on the Great Northern railroad.

Auburn—The city council of this city has decided to spend \$21,000 more on the municipal light plant to purchase additional equipment.

Frank Schaffer went to Greensburg this afternoon to spend Sunday.

DISCUSSES NEED OF CONSTITUTION

Prof. Harlow Lindley of Earlham Addresses Sixth District Franchise Leagues at Luncheon

SHOWS WHY THERE IS NEED

Senator James E. Watson Also Speaks to New Voters—Betsy Edwards, District Chairman

Reinforced by fifteen years of study and teaching state and American government, Professor Harlow Lindley of Earlham college this afternoon addressed the sixth district meeting of Franchise Leagues at a luncheon at the Windsor hotel on the subjects of the needs of a new constitution. He first answered the question as to whether there is need of a new constitution and then, concluding that there is such a need, explained why there is one.

At the morning session, Miss Betsy Edwards of Shelbyville was elected chairman of the sixth district leagues. Miss Edwards has been county chairman of the Shelbyville League and is considered well qualified for the position. The other business matters dealt with during the morning session concerned the prefeeting of the organizations in this district. The question of financing the district chairman was brought up and it was decided to assess each branch league in order to meet the expenses. Reports of each of the county chairmen of the activities of their league were also given. The policies of the Franchise League are directed by the state league and meetings today were to perfect the local organization and the branch leagues of this district.

Miss Esther Griffin White of Richmond, chairman of the district, had charge of the meeting this morning. The county chairmen representing the branch leagues were Mrs. A. L. Gary from this city, Mrs. Barnard of Richmond and Miss Betsy Edwards of Shelbyville. Delegates attending were Miss Edmunds, Miss Hemmersbaugh, Mrs. Dye and Miss King of Richmond; Miss Mary Gorgus, Miss Armstrong and Mrs. Edwards of Shelbyville. Miss Mary Sleeth, Mrs. John Kiplinger and Mrs. Charles Frazee of this city.

"Ladies, I am for the suffrage movement for two reasons," declared Senator James E. Watson, who also made a short talk at the luncheon. "In the first place, the woman ought to have the vote because she wants it and in the second place, I do not believe it would interfere with her home life. For years I did not think that but having talked to senators from states where women do vote, I have changed my opinion of that matter. My mind has been disillusioned on that subject and I believe that instead of woman suffrage dragging down women, it will elevate politics."

"But as an old time politician," he continued, "let me give you a bit of advice. Let your object be purely woman suffrage. Get the vote and then do what your conscience dictates. Do not start out telling about the ten thousand reforms you are going to get after you get the vote. And I will say, that when the question of suffrage comes up before the United States senate, I will vote for it for I believe it will be a good thing for woman and a good thing for the country," said the Senator for which he was heartily applauded.

Before giving this promise, Mr. Watson stated that in all of his experience as a speaker, he never before had been called upon to address a suffrage meeting. "But," he went on, "I was anxious to come to this meeting for two reasons. One was that I was anxious to hear and see what was going on, and another was I have been approached."

INCUMBENTS NOT TO GET INCREASE

Copy of Law Regarding Trustees Salaries Received Here, Reveals Radical Changes

PUTS END TO SUPERVISORS

Trustees Will Have to Act in That Capacity Remainder of Term—Grades in Rush County

A copy of house bill No. 685, which abolished the office of road supervisor and fixed the salary of all township trustees and regulated the amounts to be paid for office rent and clerical expenses, has been received here.

The office of road supervisor is abolished effective January 1, 1918, but the salaries of the incumbent trustees are not affected until the end of their terms. The part fixing the allowances for office rent and expenses took effect when it was signed by the governor and under the terms of the bill the advisory boards of the township are due to meet and make appropriations to meet this provision of the act.

The trustees of the state are divided into classes. Classes 7, 8 and 9 are in Rush county. Rushville township is in class 7; Anderson, Walker and Posey are in class 8, and Center, Union, Orange, Ripley, Noble, Washington, Richland and Jackson are in class 9.

Under the terms of the act the trustees of Rush county will have to act as road supervisors for one year without additional pay except perhaps an increase in traveling expenses and office rent. All of the present trustees' time in this county expires January 1, 1919 and the act pertaining to the abolishing of the road supervisors takes effect January 1, 1918 making one year that they will have to act as supervisors without pay.

Class 7, of which Rushville township is included, receives an annual salary of \$900 a year. In classes 1 to 7 the advisory boards are authorized to appropriate a sum for the employment of clerical assistants. The amount for Rushville township is not to exceed the sum of \$100 a year. The advisory boards are also to appropriate money for office rent, which in Rushville township is not to exceed \$120 a year. The trustee of this township is also allowed the sum of \$150 a year for actual expenses. This makes a total of \$1,170 a year when all of the act goes into effect.

The new basis for office rent and actual expenses is now in effect. Section 8 of the law explaining this feature is as follows: "This act shall become effective January 1, 1918."

Continued on Page 5.

Holding The Mirror to Prosperity's Face

That is what the advertising columns in this newspaper are doing every day in the year.

They reflect the business interests of this community and more and more are coming to reflect national activity.

They tell you at a glance just who is actively seeking business and what the reasons are for expecting to get it.

They are the meeting place of buyer and seller.

The interest they have to the reader is of an intensely practical nature. They not only give to readers information, but information of a helpful character which directly bears on their mode of living and frequently means a saving of time and money.

See what the mirror reflects today—you will find something there that will interest you.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

DOESN'T UNDERSTAND WHAT OVERT ACT IS

Germany Clings to Idea That Sinking of Healdton is a Provocation by America

PUBLIC IS WITH NEWSPAPERS

(By United Press.)

Berlin, March 24.—Germany cannot understand why America should regard the sinking of the steamer Healdton by a German submarine as an overt act.

Public opinion agrees with this expression in the newspapers, although admitting the possibility that American sentiment against Germany would be increased by the destruction of the vessel.

"The sinking of the American steamer Healdton, possibly will aggravate President Wilson," an editorial declared. "The allies will doubtless say this is an overt act but the sinking proves that America is making provocation."

Hartford City—F. B. Churchill, has invented a new power washing machine of steel construction and is demonstrating it here.

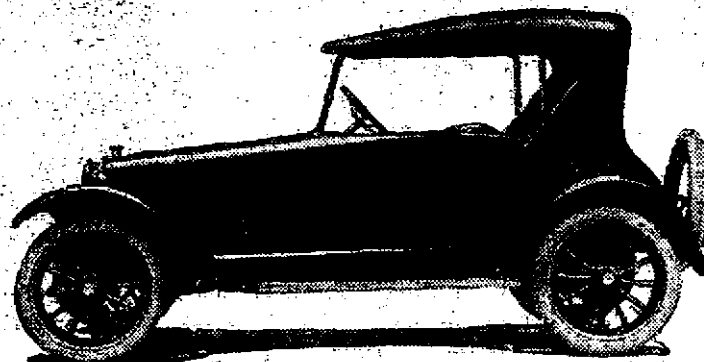

Amusements

The Lyric will show the drama "Mugget Jim's Partner" for the first picture of tonight's program. Anna Little and Frank Borgage are featured. The second is a drama "The Fool's Game." Crane Wilbur is featured. The last is a comedy in which Ben Turpin and Paddy McGuire are featured.

The first picture at the Gem tonight is "Shooting His Art Out" in which Dan Russell is featured. The second is a drama "Love or an Empire." Leah Baird is featured in this one. The last is a comedy "Her Chance." The attraction at the Gem Monday night is the Pathe feature "The Romantic Journey." William Courtenay and Alice Dorey are featured. The tall, straight Mr. Courtenay and the tiny Miss Dorey make a wonderful combination. The story is one of thrilling romance and adventure affording splendid roles to these two stars of the legitimate stage. Mr. Courtenay is remembered for his recent splendid work in "Under Cover" and "Under Fire."

The Princess will show the five feature "Her Double Life" for the program tonight. Theda Bara is featured. It is said to be a thrilling story of a woman's deception. Monday and Tuesday, matinee and night "The Crisis" will be shown. The picture is from the novel of the same name by Winston Churchill. It is a powerful but impartial story of the conflict between the north and south. The book was written with a sympathy broad enough to grasp both sides of the dispute that rent the nation asunder, and is free from sectional bitterness. Two performances a day will be given, one in the afternoon and one at night starting at eight o'clock.

Torre Haute—Union barbers of this city are complaining that the raise in price of haircuts to 25 cents in union shops has caused them to lose their trade to non-union barbers.

EAT LESS---
IT WILL DO
YOU MORE
GOOD

FOLLOW YOUR MEAL WITH A
LITTLE PEPSINCO—YOUR FOOD
WILL SATISFY FOR A LONGER
TIME—NONE WILL BE WASTED.
IT WILL DO YOU 100 PER CENT
GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down. Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry. Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco. No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal. Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

Patriotism and Babies.

How the strength of the nation is being impaired by the conditions which make babies sick and die, and what some two thousand communities have done to awaken interest in the conservation of the youngest citizens, are briefly reviewed in a new bulletin on baby-week campaign which has just been issued by the children's bureau of the U. S. department of labor.

Approximately one in ten of all the babies born in the United States dies before completing twelve months of life, and the Children's Bureau says:

"It was once thought that a high infant death rate indicated a greater degree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must also result in crippling and maiming many others and must react unfavorably upon the health of the entire community."

Two thousand one hundred communities have reported to the children's bureau the details of a baby day or a baby week by which they called attention to the need of protecting their babies. Ingenious de-

How Russian Revolt Will Help Allies Win the War

The crucible of war has produced the Russian revolution, and others are apparently expected by observers who note that the peoples of all the belligerent nations are taking stock of their rulers with a clear-eyed vision induced by the stern reality of suffering and death.

"The Russian people," says *Russkoye Slovo* (New York), "are opposed to war and to militarism, but they believe that their own success as revolutionists will mean revolution on the part of the Germanic peoples. Then they hope and believe there will come a consolidation of all the revolutionary peoples, Russian and Germanic, a combination that by its very force and weight will compel the militarists of Europe's warring nations to cease their strife. And so, out of revolution will come the great peace."

You should read THE LITERARY DIGEST for March 24th to form an accurate opinion of the cause and result of the Russian Revolution, and the effect it will have in deciding the fortunes of war for the Entente Allies.

What is Good for the Child Should Be Good for the Parent

In educating our children we do not follow the policy of insisting that they shall confine themselves to a narrow and one-sided view of things. Rather do we insist that their training shall be broad and comprehensive and that they shall be told what all thinkers, and not merely a certain group of thinkers, have to say on a given subject. We all recognize this as a sound policy in matters educational, yet how many of us follow it in relation to our personal thinking on the great questions of the

day? Very few, if the truth be told. To the man or woman who wishes to see both sides, to get an intelligent view of life and all its interests, at home and abroad, THE LITERARY DIGEST offers each week an intensely interesting and wholly impartial summary of all that is going on in politics, art, science, religion, finance, etc., leaving you to form your own conclusions from its unbiased presentation of the facts. Read it and think along broad lines for yourself.

vices for exhibits, new methods of distributing pamphlets on baby care, ways in which information on local conditions was secured and published and other interesting features from these local reports are described in the bulletin as suggestive for those who are planning a similar campaign.

The bureau says: "Not all of the 2,100 communities reporting a baby-week campaign in 1916 may find it wise to repeat the celebration in 1917; but the United States includes 14,186 incorporated cities, towns, and villages, and it is doubtful if among the thousands which have never had a baby day or a baby week there is a single town or village which would not profit from such a campaign."

"Mexicans submitting to the bath," says a southern dispatch. Impossible—don't believe a word of it!

Why, we wonder, does Mr. Eilon seek to muzzle the press and yet allow the congressional tongue to keep right on wagging?

TODAY'S HOOSIER ODDITY

Terre Haute, Ind., March 24.—When he was arrested on a charge of stealing a turkey, John Davenport blamed it onto an egg-nogg which he had drunk previously. He said he was so dazed that he did not know what he was doing.

Pathe Pathephone at Fred A. Cald-
well's. 516.

MIGHT TRY EATING EASTER FLOWERS; NO RISE IN PRICE.

(By United Press.)

Chicago, March 24.—You may not be able to eat the once aristocratic egg for Easter but along with the new suit or dress two weeks from tomorrow you can sport a bouquet of violets or even the custom decreed Easter lily. They're not going up in price. Florists in Chicago and the rest of the country so announced today.

At the annual national gathering here of horticulturists, wholesale and retail, it becomes apparent that neither the tariff war or submarine blockade could by the most vivid stretch of imagination be ascribed as an excuse for an advance in the cost of milady's corsage.

Lilies, the florists declare, will always remain the flower of Easter. Corsage bouquets of violets, livened up with lilies of the valley or an orchid will also be the correct thing for Easter day.

Other information of note was the declaration that the tendency of the times is to return to the old June roses of yester year, the round petaled flowers which grow in the country. The Wieland and the Storey varieties are scheduled to become the most popular.

PARDON BOARD TO HEAR MANY CASES

Fourteen Prisoners Serving Life Sentences Will Present Cases Next Week.

ROMAINE'S NAME IN LIST

(By United Press.)

Indianapolis, Ind., March 24.—Fourteen prisoners who are serving life sentences in the Indiana prison, will be among those cases considered by the pardon board when it meets early next week for its quarterly session.

Among the important cases is that of Arthur McPherson who shot and killed Michael Hurt in Indianapolis on Christmas morning, 1910, while Hurt's wife looked on, following a quarrel over a loan of \$5.

Henry Romaine was convicted on circumstantial evidence of killing Charles and John McQuade near Columbus in March, 1913. The McQuade brothers, both aged men were called to the door late at night by a stranger who asked that his wagon had broken down and he needed assistance.

One of the men opened the door and the lamp he was holding, knocked from his hand and he was killed. When his brother attempted to aid him, he also was killed. With Romaine, Rufus Clark and John Tyler were convicted of being implicated in the crime.

"BOYS DAY" LATEST TO BE CELEBRATED

Governor of New Jersey Has Plan to Bring Fathers and Sons Closer Together.

EVENT SET FOR TOMORROW

(By United Press.)

Trenton, N. J., March 24.—Tomorrow will be "Boys' Day" in New Jersey; the first "Boys' Day" ever proclaimed in the United States.

Governor Edge's idea in inaugurating it is to encourage closer relations between fathers and sons. He believes that as fathers grow older they lose the viewpoint of youth in most cases; and that their sons suffer accordingly.

The object is two fold: to stabilize the sons and revivify the fathers through mutual association. Lack of association with each other, the governor thinks, is harmful to both the young boys and the old; and tends to create misunderstanding between them on points concerning which there should be no misunderstanding.

RUSHVILLE LIST IN NEW DIRECTORY

Indianapolis Phone Company Book Contains Local Subscribers to Facilitate Calling.

NEW SYSTEM IN OPERATION

Directories of the Indianapolis Telephone company containing the new automatic numbers have been received here. The directory also contains the numbers of all telephone users in several towns and cities outside of Indianapolis, Rushville being included in the list.

The present system of long distance calling between this city and Indianapolis will be used but within six months the system will be so arranged that in calling a party in Indianapolis the name of the party wanted will be given to the local long distance operator and she in turn will call the Indianapolis party by the automatic, eliminating the time usually required for her to give the name to the Indianapolis operator. In this manner there will be but one check on the call. The same system will be followed from the Indianapolis end of the line.

WHAT-YOU-MAY COLUMN

BY "GM."

Chins.

The chin is a one-story addition built on the lower end of man's physiognomy to keep his face from ending too abruptly.

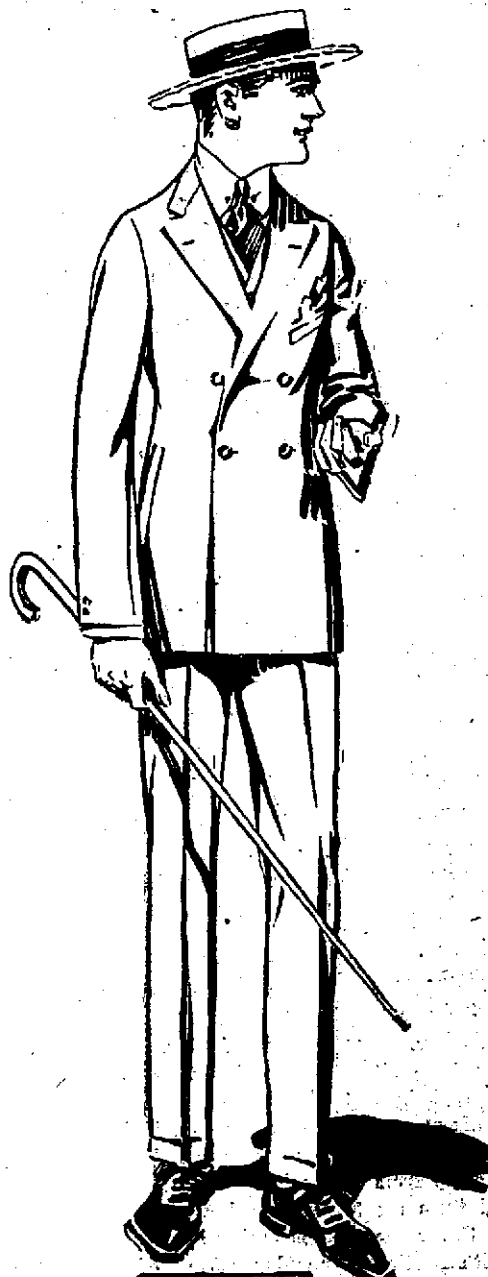

But some perverse faces end that way anyhow. In fact, chins, like wealth, are unevenly distributed. Some of us have too many and some none at all. The Lord intended us to have one apiece, but whoever is in charge of the chin distribution departments has muffed his job.

This is unfortunate, as the chin is an almost indispensable adjunct to every face. It is necessary for whiskers and things. The man who wears an assortment of them ought to be ashamed of himself.

DR. R. L. KELLY RESIGNS.

(By United Press.)

Richmond, Ind., March 24.—Dr. R. L. Kelly, president of Earlham college, has announced that he has accepted the executive secretaryship of the council of church boards of education of the United States. He will take up his new duties next September. President Kelly has been with Earlham college sixteen years.

Instant Bunion Relief

Guaranteed—or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be—or how often or by whom treated, and pronounced "incurable"—here at least is convincing proof that there is positive relief for you—right now—today.

"Bunion Comfort"

Is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunions. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort—don't cut holes in your shoes and use old fashioned cotton or felt washers and steel contraptions. "Bunion Comfort" is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal shape. Get a Box of "Bunion Comfort" Today try two plaster free and if you don't decide this to be the most marvelous bunion remedy you've ever tried—return the other ten plasters and get your money back.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Miss Belma Clark and Miss Marie Clawson spent Thursday as the guests of Mr. and Mrs. Reeves Woods at their home near Arlington.

The meeting of the Fairview Department Club which was to have been held this week has been postponed indefinitely.

All young people interested in the Epworth League of the St. Paul's M. E. church are invited to the social to be given in the church on Monday evening. It is to be very informal and the social committee is promising some novel entertainment.

At a prettily appointed dinner, Mr. and Mrs. Merrill Ball entertained at their home in North Morgan street last evening Dr. and Mrs. D. D. VanOsdel, Mr. and Mrs. A. L. Gary and Mr. and Mrs. Herman Tompkins. An elegant course dinner was served to the guests.

All of the vocal members of the active division of the Musicales are asked to rehearse for the chorus this evening at 7 o'clock in the assembly room of the court house. The chorus is to be a part of the program on Monday, April 2, when the Connersville Musicales is to be entertained here. A fine will be levied for those not taking part in the chorus.

Mrs. Helen Pierson gave a pretty little sewing party yesterday afternoon honoring her mother, Mrs. Pierson, and sister, Miss Carrie Pierson, of Flint, Mich. About eighteen guests were invited in to meet the guests of honor and enjoy the social afternoon together over their needlework. For the affair, the home was appropriately decorated with spring flowers and daffodils. A tempting luncheon was served late in the afternoon.

Mr. and Mrs. Bert Davison entertained the members of the Friday Evening Five Hundred Club at their hospitable country home last evening an elegant dinner was served preceding the card games. The dinner was served at the small tables and afterwards a social evening was enjoyed by Mr. and Mrs. O. P. Wamsley, Mr. and Mrs. Earl Winship, Mr. and Mrs. Charles Winship, Mr. and Mrs. A. L. Winship, Mr. and Mrs. Hubert Innis, and Mr. and Mrs. Cliff Winship.

A party was given by Mr. and Mrs. C. F. Jones at their home southeast of the city on Tuesday evening in honor of their son, Elmer, the occasion being his twentieth birthday. The evening was spent in playing games while music was provided by several of the guests. Dainty refreshments were served to the guests who were the Misses Lena Brokelmeier, Carol and Mary Craig of Greensburg, Gladys Lucas of Bloomington, Marie Mosburg and Sadie Shelhorn, and Harold Willeford, Paul Thorpe, Conde Whiteman and Willard White of Milroy, Russell Pugh, Miles Cox and Elmer Caldwell of this city.

Social Calendar

Monday

Coterie Club, with Mrs. Helen Pierson at 320 West Third street, in the afternoon.

Tri Kappa sorority, with Miss Hannah Morris at 310 East Fifth street in the evening.

Monday Circle, with Mrs. L. C. Lambert at 220 East Seventh street in the afternoon at 2:30. Lecture by Mrs. Demarchus Brown on "Much Ado About Nothing."

Monday Study Club, with Mrs. Mary Jones of Milroy in the afternoon.

The Rebekahs and their families are invited to attend a masquerade party to be given in the I. O. O. F. hall Tuesday, March 27. Everybody is requested to come masked. Those not masked will be assessed a fine at the door. Each lady is requested to bring a pie.

Fifteen members of the Friday Afternoon Embroidery club were entertained by Mrs. Revilo Ferguson at her home in North Harrison street yesterday afternoon and spent a delightful time together over their sewing. The hostess served a delicious salad course. Miss Cora Winship will have the club in two weeks.

Mrs. Dan Drake will entertain at a family dinner tomorrow at her home in West First street. Among the guests will be Mr. and Mrs. Harry Wright and son, Gilbert, and Mr. and Mrs. Jackson, all of Brookville, Mr. and Mrs. John Ellerman of Arlington, Mr. and Mrs. Elmer Drake, Mr. and Mrs. Jesse Drake of this city, Dan Drake of West Virginia, Miss Mattie Bates, Herschell Schmall and Claude Carr.

The members of the U Go I Go Club were delightfully entertained at the home of Mr. and Mrs. Carl Logan Friday evening with a pitch-in supper. Rook games followed the service of the sumptuous meal. Aside from the regular club members, guests were Mr. and Mrs. Paul Morris and son, Mr. and Mrs. Elsa Hillgoss and daughter. The next meeting will be with Mrs. Mary Poston.

Mrs. Fannie O. Smith was honored with a surprise yesterday at the home of her daughter, Mrs. John H. Frazee in North Harrison street, when a family dinner was given to celebrate her birthday. The pitch-in dinner was a delicious affair. The members of the family honoring Mrs. Smith in this way were Dr. and Mrs. W. C. Smith and children, Norma and Conwell, Walter E. Smith, Mrs. Helm Woodward and son, Robert Helm, of Cincinnati, and Mr. and Mrs. Frazee.

Miss Margaret Ball is giving a charming party for a group of her girl friends at her home in North Morgan street this evening. The guests have been invited in for dinner, for the service of which the table has been decorated with spring flowers of daffodils, and blue birds and butterflies are floating about the dining room. The dinner guests are the Misses Helen Frazee, Mary Louise Bliss, Mary Louise Poe, Esther Anderson, Lois Reeve, Dorothy Sparks, Kathryn Guffin and Kathryn Wooden and Dorothy Mulno.

"SAVE THE BABIES."

To avoid infection keep all playthings out of the baby's mouth. Flies carry disease to babies. Keep the baby's room screened. Keep flies away from the baby's food and from the baby at all times. Cover the crib or carriage with netting to keep out the flies and mosquitoes. This concludes the series.

DISCUSSES THE NEED OF A NEW STATE CONSTITUTION

ed many times on the subject and I am not afraid to express my opinion on the subject. My attitude has generally been one of seeming indifference. It was this way in the first place because I thought if women wanted the vote they should have it but it didn't seem as if they really wanted it. Too, I believe very strongly that if women are permitted to vote, that every one should be compelled to vote and there should be a heavy penalty for any man or woman not using the ballot.

During the service of the luncheon the high school akelele chorus composed of eight boys and girls sang three beautiful numbers and were heartily applauded. Their numbers were "Down Honolulu Way," "Give Me All Your Loving" and another Hawaiian number. Miss Edith Buell sang "Where My Caravan Has Rested" and was accompanied by Miss Clorenne Amos. She was very popular with the women.

Miss Esther Griffin White of Richmond, district chairman, presided over the meeting, making a short talk and introducing the numbers. Miss Betsy Edwards, the incoming district chairman, thanked the women for supporting her for the office.

Sixty three sat down to the luncheon which consisted of three beautifully served courses. The suffrage colors of yellow were used in the decorations on the table. Daffodils, large bouquets of them, enclosed in immense crepe paper daffodils, were on each table.

Prof. Lindley first considered the present constitution, which he showed is entirely out of date, and then developed the tendencies of modern government. He was not inclined to criticize the present constitution for what it is. He said ample proof that it had been adequate in fundamental law was disclosed by the fact that it had served the state for sixty-five years.

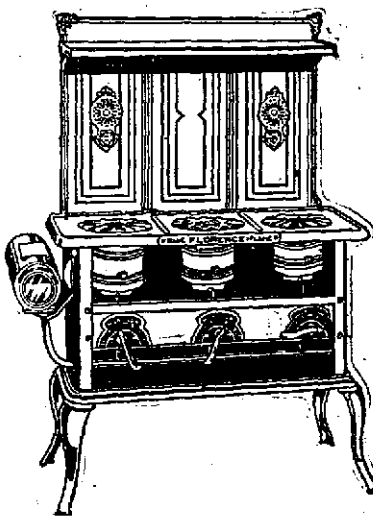

Prof. Lindley pointed out, that the general idea about a constitutional convention was that it was for the purpose of putting new laws in the constitution. He showed the fallacy of this belief by declaring the object is to form a structure to meet the present needs. The average person, he said, does not see the fundamental difference between statute and constitutional law. Prof. Lindley declared that a constitution should be the means by which the people can at any time obtain what they want.

"When the present constitution was made we had no cities or any of the developments of the twentieth century," he continued. "In 1850 Indiana was practically all rural population, the government was democratic and all the people were equal. Economic conditions changed with the growth of corporations and cities."

"The greatest weakness of the present constitution is in the ability to amend it. A method is provided but it is so cumbersome that the constitution has been amended only twice in sixty-five years. If it were easily amended, it could be amended to meet the present needs and a new constitution would not be needed."

He cited as a case in point an effort recently to amend the constitution so as to provide for qualifications for lawyers. The only qualification at present is a good moral character. He showed that in 1851 nearly everyone was able to plead their own case in court and the lawyer's profession was not of the importance that it is now. Prof. Lindley recalled that the legislature passed the amendment providing qualifications for lawyers but that the people did not take sufficient interest in the amendment when it was submitted to pass it. In this connection, he showed another weakness of the constitution which provides that an amendment to carry must have a majority of the votes cast in the election and not the total number of votes cast on the amendment.

Prof. Lindley, without expressing any sentiment for or against, pointed out the foremost problems which the people would have to consider in voting for a delegate to the convention. He listed in this group: suffrage, home rule for cities, equitable taxing system, simplified ballot, popular form of government by the use of the initiative, referendum and recall, reforms in the judiciary and administration of justice, control of public utilities, amending of

unamendable feature of present constitution, problems of labor and capital, how far the state wants to go in regulating morals and other things.

He called attention to the fact that by suffrage he did not mean enfranchisement of women alone, but the evil which exists now whereby a foreign-born man may vote before he becomes a citizen.

With The Churches

At the United Presbyterian church Sunday the following service will be conducted: Bible school at 9:30 a. m.; morning service at 10:30 a. m. with the sacrament of the Lord's Supper; intermediate Y. P. C. U. at 6 o'clock; preaching service in the evening at 7 o'clock. Congregational prayer meeting at 7:30 Thursday evening.

At the First Presbyterian church on Sunday, there will be Quiet Hour at 7 a. m.; Bible school at 9:30 a. m.; meeting of session to receive new members at 10:15 a. m.; Divine Worship at 10:30 a. m. with short sermon by pastor and communion service; Christian Endeavor at 6 p. m.; evening worship at 7 p. m. with sermon by pastor. Special music at each service.

Services at the Main Street Christian church Sunday will include Bible school at 9:15 a. m.; preaching by the pastor at 10:30 on the subject, "Religious Appendixes;" preaching by the Rev. L. E. Brown of Connersville in the evening at seven on the subject, "Deserting in the Day of Battle." The last named service will be the first of a revival meeting which will continue until Easter.

There will be the regular services at the St. Paul's M. E. church on Sunday with Sabbath school at 9:15 o'clock; preaching by the pastor at 10:30 and 7 o'clock; Epworth

League at 6 o'clock. Mrs. Esther McCloud will be leader for the meeting of Epworth League and Miss Hazel Smalley will sing a solo. Junior League Thursday afternoon at 4 o'clock and midweek prayer meeting Thursday evening at 7:30 p. m.

WHILE "COVERING" STORY REPORTER JOINS THE MARINES

Fort Worth, Texas, March 24.—The shock that Abou Ben Adhem experienced when he was awakened by the angel had nothing on the surprise that Guy D. Wilson, a cub reporter, furnished the editor of the Fort Worth Record.

Wilson was sent to visit recruiting stations and bring in the names

of men enlisted that day. After a call at the United States Marine Corps, he decided he would give up newspaper work and follow the fortunes of the "soldiers of the sea." He sent his report back to the editor by messenger.

The following edition of the Record published a long list of recruits, and—"Lo, Guy Wilson's name led all the rest."

The morning frock should be of serge, the afternoon frock of velvety and the evening frock of satin or any soft, rich fabric.

A DENTISTS FORMULA

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily. Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santal Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it. These tablets are small, easy to take and are really wonderful little performers. They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue. They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santal Remedies Co., 802 Madison Ave., Covington, Ky.

PETITION OF BANKRUPT FOR DISCHARGE

In the Matter of Edwin K. Alsmen, Bankrupt.
No. 4412 in Bankruptcy.

District of Indiana, ss:

On this 16th day of March, A. D. 1917, on reading the petition of the bankrupt for his discharge, it is ordered by the Court, that a hearing be had upon the same on the 27th day of April, A. D. 1917, before said Court, at Indianapolis, in said District, at nine o'clock in the forenoon, and that notice thereof be published twice in the Rushville Republican, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness, the Honorable Albert B. Anderson, Judge of said Court, and the seal thereof at Indianapolis, in said District on the 16th day of March A. D. 1917.

(Seal) NOBLE C. BUTLER, Clerk.

NO CHANCE OF WET AND DRY ELECTION

Legislature Passed Law Which Prevents Opening of Saloons Prior to April 2, 1918

ELECTION HERE MAR. 30, 1915

At That Time City Went Dry by a Majority of 178—State-Wide Law Effective in Year

There is no chance of a wet and dry election in Rushville prior to the state-wide prohibition law becoming effective on April 2, 1918, because of a law which passed the legislature preventing such a thing. The dries, it is said, had in mind that in many cities now dry efforts would be made to make them wet for the year intervening between the state-wide law was passed and became effective.

The first section of the bill reads as follows:

Be it enacted by the general assembly of the state of Indiana, That no license or extension of license to sell intoxicating liquor at retail or wholesale in the state of Indiana shall, prior to April 2, 1918, be granted to any person except such person be a present holder of such license or shall become the holder of such by lawful transfer or order of court.

This provision looked innocent enough, but its effect is far greater than was understood at the time. Under this provision, there can be no more local option elections in Indiana before the prohibition law takes effect. Any county, township or city which is dry at this time will necessarily remain dry. Even if a local option election were to decide that the county, township or

city shall become wet and saloons shall be re-established this could not be carried out, because there are now no saloon licenses in effect in such dry county, township or city, and this new law says that no license can be issued except to a present license holder or a person who acquires a license in the legal manner.

In fully twenty cities in the state in which two years of dry period created by the former local option elections will soon expire, plans had been made for local option elections, to be held this spring, but those elections will not be held, for they would accomplish nothing. These places could not make themselves wet now, even if they wished to do so.

The same situation exists with reference to those counties, cities, townships or wards in which remonstrances are in effect. When the lifetime of these remonstrances expires, so it was planned, the liquor men would undertake to reopen saloons unless new remonstrances were filed to prevent their doing so, but under this law they can not reopen saloons in these places, because there are no present license holders there to whom new licenses could be granted. Territory that is now dry by remonstrance will remain bone dry after the expiration of the remonstrance period, and no new remonstrance is necessary to do this.

In other words, all territory in the state that is now dry will remain dry and it can not be made wet. This was more than the liquor interests bargained for when they put the bill through. As the bill was passed by the house it did not carry an emergency clause, but this was added by the senate, and the law became effective as soon as it was signed by the governor. It is now a law.

AUTO RACE CALLED OFF.

(By United Press.)
Indianapolis, Ind., March 24.—On account of war conditions the annual 500 mile Decoration day automobile race held on the Indianapolis speedway since 1909, has been called off. James A. Allison, secretary and treasurer of the speedway company announced that all plans for this year's race had been dropped and in case of war the speedway would be turned over to the government for aviation purposes.

KAISER IS ASSAILED

(By United Press.)
Amsterdam, March 24.—A bitter attack on Kaiser Wilhelm and Chancellor Bethmann-Hollweg as "those who originated the war" and a declaration lauding the Russian revolution were made in the Reichstag, according to word reaching here today.

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time.

THEO. H. REED, Sec'y.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brewster Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieves congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25-cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

MANY PLACES IN INDIANA ARE HIT

Hendricks, Sullivan, Adams, Jackson, Howard, Delaware and Others Suffer Heavy Losses

TWO KILLED IN SULLIVAN

Tornado Cuts Swath Through Western Part of State, Leaving Ruin and Wreckage in Wake

Indianapolis, Ind., March 24.—Indiana suffered in eight places yesterday afternoon from tornadoes and windstorms, the toll being a number of lives and enormous damage to property. New Albany was the victim of a tornado where the heaviest losses resulted to life and property. In Hendricks, Sullivan, Adams, Jackson, Howard, Delaware and Harrison Counties wide stretches of territory were swept by the winds.

Near Danville houses and barns were cleared for a distance of six miles in a path a mile wide. There was no loss of life. The property damage is estimated at \$50,000.

The southern part of Sullivan County received severe damage at the hands of a storm. A path three-fourths of a mile wide and eighteen miles long was made by the wind. Two persons were killed and property damaged to the extent of \$200,000.

Near Seymour five persons were hurt by a windstorm which damaged houses and barns and lowered trees and telephone lines. The damage resulted over a distance of four miles.

North of Decatur the village of Monmouth was struck, the damage being confined mostly to barns and out buildings. Miles of fencing and telephone wires were blown down. Teachers who feared the approaching storm took the children into the basement just before the roof was torn from the building. The damage to property will reach several thousand dollars. Telephone wires are down, but it is believed that no one was killed or badly injured.

Harrison County, in the section northwest of Corydon, was hard hit. Two women were probably fatally injured and many were hurt. The Crosby schoolhouse was razed and many pupils sustained broken arms and other injuries. Damage in Delaware County was comparatively light. An infant near Desoto suffered a fractured skull and probably will die. Two Howard County men living near Swayzee were slightly hurt when the wind damaged buildings near there.

The storm killed two persons, badly injured ten to fifteen persons and cut a swath eighteen miles long and a half mile wide. The loss is estimated at \$200,000.

INCUMBENTS WILL NOT GET INCREASE IN PAY

Continued from Page 1.
1918: Provides, That nothing herein shall affect the salary and clerical assistance now provided by law during the term for which said several township trustees were elected prior to the passage of this act, and, provided further, That the provisions herein relative to office rent and expenses of the trustees become effective from and after the passage of this act, and advisory boards are authorized to meet immediately and make appropriations therefor.

In addition to the compensation provided in the law the trustees are to receive the sum of fifty cents for each mile of public ditches constructed, cleaned or repaired under the supervision of the trustees each year.

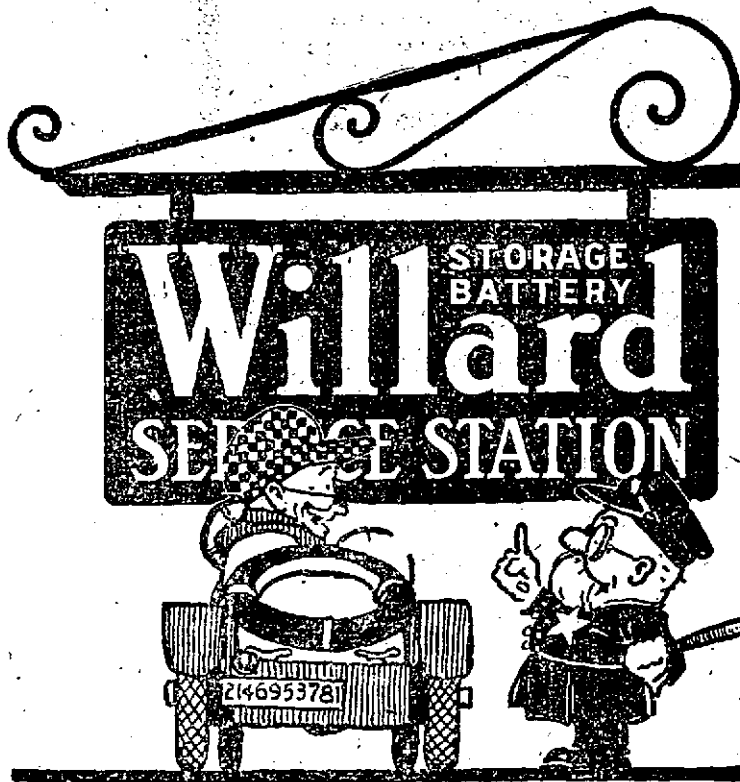

Under the terms of the law the trustees of Rush county will receive the following sums when all of the act is effective, which will not be in full until their successors are elected:

Rushville township: salary, \$900; assistants, \$100; office rent, \$120 a year; actual expenses, \$150.

Walker, Posey and Anderson: salary, \$720; office rent, \$90; expenses, \$150.

Center, Union, Orange, Ripley, Noble, Washington, Richland and Jackson: salary, \$600; office rent, \$60; expenses, \$125.

Mr. and Mrs. John Craig went to Elwood today to visit friends and relatives for a week.

To All Car Owners

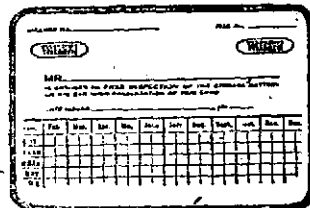

Don't forget to have
your battery tested

Testing warns you of things you can't see and might not find out until too late to prevent trouble.

Testing is free—repairs cost money.

If you want bright lights, quick starts and lower cost of electric current, come in to see us.

And if you do need repairs, we have factory trained battery experts who can do a good job for you.

This card entitles any owner to free testing of his battery.

THE G. P. McCARTY CO.
WALL PAPER and PAINTS

DEATH LIST IN NEW ALBANY IS INCREASED TO 34

Continued from Page 1.

at once the sky became black and a peculiar funnel-shaped cloud appeared close to the earth in the southwest.

A few minutes later the gale struck the Corydon pike, about two miles below the city, and after it wrought considerable damage in the space of five or six minutes, it moved southwest and entered New Albany at State street, near Ealy, this being one of the thickly populated residence sections.

With terrific speed it tore through the street for a distance of three blocks, laying everything low that stood in the way. Reaching the intersection at State and Pearl, however, it rose high in the air and leaped clear over the city a distance of one mile to the outskirts, where it came down again and struck the earth at Vincennes street and Charleston road.

Here it played frightful havoc with three blocks of homes and shops along Vincennes street before it rose again and passed away.

In all, there were about six full blocks laid waste by the storm.

The damage done on the Corydon pike, below New Albany, was very great, according to persons who were caught by the gale at this point. A. M. Floyd, manager of the Southern Telephone Company, reported that hundreds of trees were uprooted from the soil and carried with great force through the air and littered over the ground in the wake of the storm as it moved in the direction of the city.

Evansville—Mrs. Edward C. Kerth, in her suit for divorce, declares that her husband carried on correspondence with other women in code so she would not know the purpose of the letters.

Gary—Milk in Gary restaurants is below standard, according to Arthur O. Phelps, city milk inspector. He warned restaurant proprietors they would have to improve the quality or wholesale arrests would be made.

Again Let Us Ask You Why not a Maxwell in preference to any other car of its price and class?

The Maxwell will run more than five thousand miles on one set of tires.

The Maxwell will operate at a speed of fifty miles per hour, and 20 to 25 miles per gallon of gasoline.

The steering gear on the Maxwell is sure.

The brakes on the Maxwell are fine.

The springs on the Maxwell have been lengthened, making the car much easier riding this season.

The seats have been widened, giving more comfortable room. There is nothing to buy for the Maxwell afterward.

Maxwells are all fully equipped with electric starters and steady lights, need no shock absorbers, have a speedometer, have the same size tires on all four wheels and are a pretty car to look upon.

It is a car that will go anywhere any other car can go. We openly challenge any other car of its class to do anything the Maxwell will not do.

Come around and compare the Maxwell in its price with all others.

Possibly there is something new on the car you do not know of. We believe we can explain several things you do not know about the nicest little car that travels the roads.

Touring \$650. Roadster \$635.
